

CAR-150A CAR INVERTER

■ Products Feature:

1. It is car inverter that is fit for car and other vehicles;
2. Modified sine wave output waveform;
3. Battery Saver function;
4. Anodized aluminum case provides maximum heat dissipation
5. With automatic overload protection and output short circuit protection to avoid damage the equipment;
6. Inverter will automatically shut down if load exceeds inverter rating; Reverse connection protection, etc
7. Covered under a 1 year limited warranty.

■ Function details:

Model	Car-150M-121	Car-150M-122	Car-150M-241	Car-150M-242
Rated power	150W			
Peak power	300W			
AC output voltage	100V~120VAC	220VAC~240VAC	100V~120VAC	220VAC~240VAC
AC output frequency	50/60Hz			
AC output waveform	Modified Sine Wave			
USB Output	5V1000mA			
DC input voltage	12V		24V	
Dimension	73mm diameter x175mm			
Net Weight	0.48kg			
QTY /Ctn	20pcs			
Meas./Ctn	535*440*230mm			
Brand	MKpower or OEM			
Certification	CE-EMC/LVD,RoHS			
Warranty	12 Months
